

FENG SHUI & WEALTH

Secrets of wealth in Feng Shui...

In the midst of financial turmoils and uncertain times, more people are consulting Feng Shui of their house for wealth purpose. Often times, modern day practitioners emphasize Feng Shui as tools to increase wealth. There are some overrated myths, while there are also some methods that really work. Below we will uncover the true secrets of Feng Shui in wealth: how we can make it work to increase our prosperity, and what are the key elements to be addressed.

WEALTH IS LIKE A TREE. WE ARE GIVEN DIFFERENT SEEDS BY GOD. SOME GROW BIG, SOME GROW SMALL, SOME GROW FAST AND OTHERS GROW SLOW, BUT ALL ARE BEAUTIFUL IN THEIR OWN WAY

1. One's destiny comes first

It is important to understand that most things are being influenced first and foremost by one's luck and destiny. There is potential for wealth creation in every single one of us; in different portions and timing. Some people may enjoy wealth easier than others, thus there is a limit for what Feng Shui can do. A good Feng Shui consultant should be a good destiny analysts as well; only then they are able to advise the clients pertaining wealth activation according to one's wealth luck. Advanced level in destiny studies such as Four Pillars of Destiny or Zi Wei Dou Shu is imperative to unlock the true potential of one's wealth.

2. Timing is everything

When it comes to wealth, there are many factors influencing it, from current market condition to the current energy in a particular year. Activating Feng Shui for wealth will be influenced heavily on timing factor; sometimes it can be fast, sometimes you need to wait for a couple of months for the tide to turn to your favour. This will also explain why annual forecast of 'good and bad' years will apply differently to each individual.

A good Feng Shui consultant will be able to give you a picture of what to expect realistically, instead of overpromising high returns. Placement of wealth activator such as fountains is better to be done with date/ time selection as well to increase its effectiveness. Don't forget to cure your overall house feng shui beforehand!

BE PATIENT, FENG SHUI TAKES TIME

activate your wealth sectors!

THERE ARE SEVERAL METHODS OF THE SO-CALLED WEALTH SECTOR ACTIVATION. BELOW ARE SOME OF THE MOST COMMON ONES THAT YOU CAN CALCULATE AND ACTIVATE:

HOUSE WEALTH SECTOR

THIS LOCATION IS DERIVED FROM THE HOUSE BIRTH CHART, FOR EXAMPLE LOCATION OF WATER STAR 8 AND 9 IN FLYING STAR. THE QUALITY OF THIS WILL DEPEND ON THE ROOM LAYOUTS OF THE HOUSE: WHAT ROOM DOES THE SECTOR FALL INTO? EVEN IF IT IS A TOILET, KEEP THIS AREA CLEAN AND AIRY TO PREVENT STAGNATION OF ENERGY.

PERSONAL WEALTH SECTOR

THIS IS THE SECOND SECTOR YOU CAN ACTIVATE AND USE IN ADDITION TO THE FIRST ONE. USING FOUR PILLARS, YOU CAN BE VERY SPECIFIC ON ENHANCING WEALTH LUCK OF THE FAMILY'S BREADWINNER. YOU CAN USE THIS SECTOR FOR WORKING, OR PLACING CERTAIN ELEMENTS DEPENDING ON WHAT IS NEEDED, IN WHICH DESTINY ANALYSES WOULD NEED TO BE DONE.

ANNUAL WEALTH SECTOR

FOR IMMEDIATE EFFECT, IDENTIFY THE ANNUAL WEALTH SECTOR FROM ANNUAL FLYING STAR 8 OR 9. FOR THIS YEAR, WE HAVE NORTHWEST, WHILE FOR 2012 WE HAVE WEST. YOU CAN PUT WATER FEATURE, PLANTS OR ANYTHING MOVING IN THE SECTOR. THIS CAN ALSO BE USED AS QUICK ENHANCER WHEN DEALING WITH LIMITED SPACE SUCH AS YOUR CUBICLE.

FINAL NOTES

1. THERE IS NOTHING MAGICAL ABOUT WEALTH SECTOR. THE WAY IT WORKS IS BEST EXPLAINED LIKE MOBILE PHONE SIGNALS: SOME SECTORS WILL RESONATE BETTER TO YOUR BIORHYTHMIC WAVE THAN OTHERS. THUS WHEN THE SPACE IS UTILISED PROPERLY WITH GOOD ENERGY QUALITY, IT WILL IN TURN ENHANCE YOUR PRODUCTIVITY.
2. ACTIVATION OF WEALTH SECTOR INVOLVES MOVEMENTS TO STIMULATE THE ENERGY AROUND IT. THIS MAY SOMETIMES COINCIDE WITH SPACES WHERE MOVEMENTS ARE DISCOURAGED, SUCH AS 2-5 SECTORS. WHEN UNSURE, IT IS BEST TO DO A PROPER CONSULTATION TO AVOID UPSETTING THE ENERGY BALANCE OF YOUR HOUSE.
3. FINALLY, LOOK INTO YOUR DESTINY CHART: ARE YOU ON THE RIGHT JOB OR CAREER BASED ON YOUR ELEMENTAL NEEDS? WHAT IS LACKING ON YOUR BUSINESS OPERATION, FOR EXAMPLE FIRE WHICH MEANS LACK OF MARKETING STRENGTH? THESE NEED TO BE ADDRESSED AS WELL TO ENSURE THAT YOUR WEALTH IS SUSTAINABLE. JUST LIKE WHAT PEOPLE SAY: YOU AND YOUR CHARACTERS ARE YOUR TRUE ASSETS. KEEP THAT IN GOOD CONDITION AND ACTIVATED ALL YEAR ROUND!

3. Entrance is vital

Before we fix our wealth sectors, we need to check the quality of the incoming energy. Check the type of energy your entrance captures from water theory. Make sure the flow from the main door to the rest of the house is smooth and meandering, instead of going in a straight line. Beware of any sha qi that may contaminate the Qi around the entrance, for example poles, dead tree branches or toilets around your main door. Activating wealth sectors will not do much good unless you fix the quality of the incoming energy first.

4. Stove matters

After entrance, the next thing to pay attention is your kitchen. In Chinese tradition, kitchen and stove are viewed as the wealth generator of the house. Ensure that your sink and stove are in good location, and does not suffer any 'clashes'. Pay attention if your stove is in the NorthWest sector, as it is not auspicious for the fathers; breadwinners in most families. Having a kitchen outside your main living quarter (separate from your house main building) is not favourable either, because it means the house does not generate energy from within, hence unsustainable source of income.
