Awakening the Submerging Dragon

The second annual Singapore Feng Shui Centre (SFSC) Alumni Gathering took place on the 29th October at the Singapore Polytechnic Graduate Guilds House.

Aptly titled **'Awakening the Submerging Dragon'** the evening once again brought together a wonderful panel of highly skilled and dedicated metaphysical experts who entertained and informed the audience with their knowledge, wisdom and humor.

Hosted by Grand Master Vincent Koh and the Singapore Feng Shui Centre, this event aims to support

both SFSC Alumni and members of the International Feng Shui Association (IFSA). Therefore not only does the evening present an occasion to socialize and network with

GM Vincent Koh & Guests

other like minded people from our Feng Shui community, but it also gives us an invaluable opportunity

to expand our current knowledge and prepare for the coming Year of the Water Dragon.

Honorary VIP guests this year included Mr. Low Wong Fook, Mr. Lim Peng Hun, Mr. Billy Chan, Mr. Tu Mynt and Feng Shui Master and author Stephen Skinner. As always our thanks must go to Nancy for arranging both the venue and delicious buffet dinner and also to the SFSC Activity Committee who donated their time and expertise to ensure a successful and enjoyable event.

2012 Forecast with I-Ching Divination

The evening's proceedings promptly kicked off at 6.15 pm with Grand Master Koh delivering the opening Key Note presentation entitled **2012 Forecast with I-Ching Divination**.

A much anticipated topic, GM Koh utilized both I-Ching and Bazi to outline the influences and energies for the year ahead and help us to navigate potential obstacles and increase our chances for success.

If you would like to be more informed and better prepared for 2012, then GM Koh's forecast for the Year of the Dragon will be available shortly on the SFSC website:

Qi Men Dun Jia for Divination

Master Lim

Following dinner our first speaker for the evening was Master Lim Eng Cheong, who delivered a very insightful presentation on **Qi Men Dun Jia for Divination**.

As a professional practitioner, Master Lim uniquely combines the application of Xuan Kong Flying Star, Eight House Feng Shui, Bazi and Qi Men Dun Jia to assess and assist his clients.

Whilst Flying Star, Eight House and Bazi are familiar topics, Qi Men Dun Jia is an area that the majority of us know very little about. Therefore our audience was particularly interested to hear how Master Lim uses Qi Men Dun Jia Divination to highlight Feng Shui problems prior to an initial site visit. In fact his skill is such that he can determine whether the problem is

internal or external and which family members are most affected!

If you are interested in studying this amazing Chinese metaphysical subject yourself then Master Lim will be teaching in the New Year and can be contacted via his website:

Face Reading

Master Jenny Ng

Master Jenny Ng was our second speaker for the evening and really entertained the audience with her lively presentation of **Face Reading Unveiled**.

In ancient times this traditional Chinese art was commonly used to determine a person's luck and destiny and also as a way to select candidates for imperial positions, particu-

larly since reliable birth data was not always available. Not only is it almost impossible to cheat or deceive someone with the information displayed clearly on your face, but this method can be applied subtly and instantly. In fact Master Ng assured us that once you have mastered the right techniques, face reading just comes natu-

rally! Therefore this presentation aimed to provide our audience with some basic tips on face reading which could be applied immediately.

If Face Reading is a skill that you wish to learn then Master Ng will soon be teaching a short course so please contact her via her website:

Bazi for your Environment

Master Tay

Our third speaker for the evening was Master Augustine Tay who delivered a very interesting and informative presentation on **Bazi for your Environment**.

Master Tay believes that auspicious Feng Shui begins with people em-

bracing their environment with lots of positive energy. This cycle will then be completed when the environment positively embraces them in return.

In order to demonstrate just how closely we are connected to our environment, Master Tay revealed how the placement of elements in our Bazi Chart can often re-

fect the location of associated objects in and around our homes. This was indeed an interesting perspective and yet another example of just how insightful and accurate Bazi can be.

If you would like to find out more about this topic then please email Master Tay:

Your Inner Nature & Soul Personality

Mr. Eng Buck Keng

Mr. Eng Buck Keng is a founding member of the IFSA and in 2010 the Executive Committee officially recognized his work, achievements and qualifications in Feng

Shui by appointing him both Honorary Advisor and Honorary Master.

As the fourth speaker for the evening, Master Eng drew on his experience and wisdom from the Rosicrucian Order to deliver his presentation on **Your Inner Nature & Soul Personality**.

Adapted from a book written by H. Spencer Lewis and titled "Self Mastery and Fate with the Cycles of Life" his discourse provided some

insight into the possibility of previous lives and how they may in fact have contributed in this life to our personality, characteristics, talents, likes and dislikes.

If you are interested in reading this book then it is available through Rosicrucian Books or you may contact Master Eng via email at buckeng@singnet.com.sg.

Dynamics in Numbers

Our final speaker for the evening was the lovely Charies Cheng who presented a wonderful topic on ***Dynamics in Numbers***.

A sincere consultant and trainer, her substantial experience, knowledge and passion for various forms of energy application were clearly evident.

During her presentation she shared with our audience the formula for obtaining Life Numbers from birth dates and the associated personal traits and characteristics that go with each of the nine Life Numbers.

It was particularly interesting to see examples of famous people such as Michael Jackson, Madonna, Bill Gates and Mao Tse-Tung as this clearly demonstrated just how closely these personal attributes actually fitted each person's life and accomplishments.
